INTRODUCTION

To the Alumni of West Virginia University:

On July 1st, 1922, Mr. F. R. Yoke, of the class of 1903, became Alumni Secretary of West Virginia University, and the first duty laid upon him was the revision and extension of the Alumni Record in order to bring it up to date. It is the plan to make a revision of this Record every five years in order that the graduates of the last five years may be listed and that deaths and changes of location may be noted. At best it is difficult to keep a perfect record of as large a number as now belong to the Alumni Association, and for this reason the work that Mr. Yoke has undertaken now is very difficult and very important.

The book on completion will show something near 2,500 graduates of the University, extending over a space of 55 years. They are found in practically all of the States of the Union and in many foreign countries. They are found in almost every profession, trade and business, and many of them have become quite eminent. As you will notice, the addresses of a small number have not been found. Possibly some of these are dead and having no immediate friends or relatives in or about Morgantown, this fact has not been brought to our attention. Possibly one or two, unfortunate in business ventures, have become disheartened and have not cared to keep up old associations, but yet the University, which is your University, is interested in all its graduates. It is just as willing today to help you in whatever condition you may find yourself as it was in the days when you were a student, and you can and should be helpful to your Alma Mater. If you are located in the State of West Virginia, you can help by turning the young people in this direction and by calling the attention of your members of the State Legislature to our needs and the worthiness of our claims. All told we should be as beneficial mutually as in the olden days.

Kindly, therefore, let us have all possible information about yourself and your fellow alumni. Those of us who are here still trying to serve the young people of the State are anxious to keep in close touch with you, and anything that you can do in this line will be appreciated. We still believe that the alumni of any institution of learning constitute its greatest asset and the closer the connection the better. It is still your University and we believe to the most of you it has been helpful and inspiring.

Come back when you can and meet the boys and girls, renew acquaintanceships and cement yourself more closely than ever before.

Very sincerely yours,
FRANK B. TROTTER.

To the Graduates of West Virginia University:

We have used every effort to make this Directory accurate, yet we realize that mistakes may have been made and your co-operation is asked to correct any inaccuracies. It has been impossible to locate a

few graduates. A general appeal is hereby made for help in locating those whose addresses are listed as "Unknown."

The Alumni Secretary desires to acknowledge the great service rendered by Ross B. Johnston, Director Publicity Extension Division, who had charge of the compilation of the Directory prior to July 1st, 1922; to President Trotter, Registrar A. J. Hare; Librarian L. D. Arnett and all others who gave of their time and knowledge.

It is planned to publish a list of corrected addresses each year and a complete Directory every five years and in addition it is the intention of the Alumni Secretary to issue a Directory as soon as possible of all former students of the University. If each Alumnus will mail a list of all former students residing in his or her community, this Directory can be published in the near future and will be of great benefit to all.

The Alumni Association is YOUR association and its success or failure depends upon YOU.

Having faith in the Alumni our University and our State, I am,

Yours for West Virginia,

FRANK ROY YOKE,

Alumni Secretary.

ALPHABETICAL LIST
OF
WEST VIRGINIA UNIVERSITY ALUMNI

- Abersold, Jacob J., B.S.C.E. 1899, Pittsburg, Pa., died April 14, 1915.
Adams, Charles Sisson, B.S.T.E. 1915, Boone, Md., Electric Engineer.
